

Centennial Parks Conservation Fund Proposition 14

On November 7th Texans statewide will have the opportunity to support a Constitutional Amendment (Proposition 14) to create the Centennial Parks Conservation Fund.

Vote **YES**
on Prop 14
ON NOV 7

Early Voting Oct. 23–Nov. 3

WHAT IS IT?

This \$1 billion Fund will help secure new parks for future generations of Texans to explore and enjoy without increasing taxes. The Fund will allow the Texas Parks & Wildlife Department to buy land from willing sellers when unique properties that would make for beautiful State Parks become available. The fund also allows for the development of these new State Parks.

WHO SUPPORTS THIS?

Texas lawmakers passed legislation to put this on the ballot with overwhelming bipartisan support. **77% of voters said they would support the constitutional amendment in a poll this summer.** Nearly 90 organizations, representing a diverse cross-section of Texas interests form our Coalition.

WHY IS THIS IMPORTANT?

Investing in parks conserves land and water resources, which protects Texas' quality of life so future generations can enjoy our land, water, and natural beauty the way we do. Texas State Parks attract nearly 10 million visitors annually, and the current supply of State Parks can't keep up with the demand of our increasing population. With the rapid growth of Texas, we must protect Texas' last remaining natural areas today so that they won't be lost forever to development.
